Our vertically integrated, non-intensive shrimp cultivation utilizes clean, pristine sea water fed directly from Red Sea and benefits from unique desert conditions and high saline environmental conditions, giving our prawns superior quality and delectable flavour.

Our prawns are now certified sustainable by the Aquaculture Stewardship Council.

SAKURA SHRIMP

Lucensosergia Lucens

Dried Sakura Shrimp

Type	Dried
Origin	Taiwan
Size	-
Packing	<ul style="list-style-type: none"> • 36 x 100g

Using Low Temperature Drying, our Sakura Ebi is placed in a machine to be gently dried. Low Temperature Drying can better preserve the aroma, colour and natural sweetness of Sakura Ebi as compared to traditional outdoor drying and heated-air drying. Our Sakura Shrimp is produced in a controlled environment and so the hygiene standard is well controlled as compared to outdoor drying.

These deliciously sweet Sakura Ebi has a light crispy texture, and is suited for a variety of cuisines. They can be added to your pasta, salad and fried rice. A natural food source with high nutrition value and calcium content. Adds colour to enhance visual appeal.
